

Priority 1

Priority 1:

Our Communities – Resilient
And Thriving

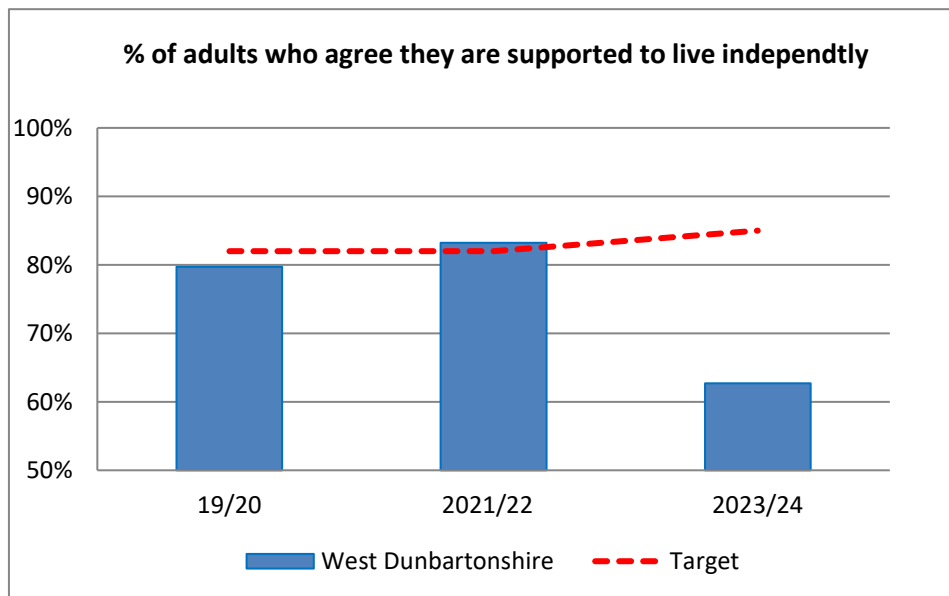

Indicator:

Percentage of Adults supported at home
who agree that they are supported to live
as independently as possible

Target:

85%

What does the data say?

The results for 2023/24 shows that performance has decreased from the previous survey and the target was not met.

This indicator is populated from the Scottish Health and Care Experience Survey. This postal survey is carried out every two years. The latest data from the 2023/24 survey reported 62.7% of West Dunbartonshire respondents agreed that they were supported to live as independently as possible.
